

Poetry Porch: Poetry

Daffodil Study

By Emily Jane VandenBos Style

Can you imagine
the daring in the dark
underground

Holding daffodil energy,
invisible for most of the year,
not seen as green stem
with yellow face and bonnet

What might be
daffodil-speak
for what we, above ground,
call perennial

As we seek to find
within ourselves
the dark fertile energy
of daffodil,
daring to show up
again
